LEGEND

-  Historical Marker
-  Roadway
-  River

Map not to scale

In 2015, the City of DeWitt accepted the proposal to create this brochure and corresponding kiosk found at riverside park as part of Luke Donohue's Troop 77 Eagle Scout project.

Many thanks to these contributors for making this project possible:

Gilbert's Hardware

Carter Lumber

Vet's Ace Hardware

Pete Eisinger

A special thank you to the homeowners participating in this project as well as Ken Coin, who provided technical assistance in providing the historic background information necessary to complete this project.

HISTORIC DeWitt

Since 1833

The City of DeWitt has been working diligently to identify properties that are significant to the City's residential, cultural and commercial history. With the approval of property owners, signs have been erected depicting the historical significance of each site.

The history of our community begins to unfold as you visit each site and continues throughout the tour. Here is an opportunity for you and your family to learn the reason we are called "Historic DeWitt."
